REALISING A NEW VISION FOR PERTH

The City of Perth's objective is to secure for posterity a comprehensive long-term redevelopment plan to reunify Northbridge and the CBD by reclaiming and redeveloping the entire extent of the land lying between Perth City Station and the Mitchell Freeway to the west and bounded by Roe and Wellington Streets, and in a manner appropriate to the area's central location, and to Perth's role as the capital of Western Australia and as Australia's western gateway.
