### **Strategic Community Plan**

The City of Nedlands is currently developing a Strategic Community Plan. This will be the principal planning document that reflects community long term vision, values, aspirations and priorities with consideration to other local government plans, information and resourcing capabilities.

“The strategy considers all community input so that in partnership we can help shape the future of the City of Nedlands,” said Mayor Hipkins.

“This deep community engagement process can assist our council in setting the framework for local planning.

“The City has been working hard to make these workshops a success and highlights the achievements of Local Government and proactive reform initiatives.”

The City is now calling on the community to get involved in the process and there are a series of consultation events scheduled throughout April and May. All ratepayers, businesses, community groups and sporting groups will be invited to attend a workshop or open day where they can have a chance to have their say.

Workshops have been broken down into precincts so that we receive comments and feedback on the individual’s local area.

For those who cannot attend any of the events there will be comment forms and a survey made available on our website [www.nedlands.wa.gov.au](http://www.nedlands.wa.gov.au)

If you have any questions on the project or would like to get involved, contact Brid on 9273 3570 or [bnimhuineachain@nedlands.wa.gov.au](mailto:bnimhuineachain@nedlands.wa.gov.au)
